Achieve your career aspirations

Join Multicultural Australia's CareerConnectors program

CareerConnectors is a transformative program that supports new Australians in their journey towards employment success.

As a mentee, you have the unique opportunity to connect with an industry professional and learn from their experience in how to navigate the Australian job market and gain confidence and skills that will increase your prospects of getting a job.

Participants in the program will need to commit to meeting their mentor either face to face or online for at least six sessions over eight weeks, as well as two networking events.

What does the program include?

Goal setting

Exploring different industries

Resume & cover letter
development

Job search strategies

Network strategies

Interview preparation
